

Industrial Visits, Conferences and Corporate Interactions

Industrial visits are an essential part of the education and training of management graduates. These tours provide an opportunity for students to gain practical insights into the functioning of various industries and organizations, which is crucial for their future careers. These visits help in providing students with practical exposure, networking opportunities, and hands-on experience. These experiences can prepare them for successful careers in the dynamic and constantly evolving world of business and industry. In view of these objectives, the Department of Management Studies organised industrial visits to leading national and multinational companies in Delhi NCR. The students had an opportunity to have a firsthand experience of state of the art manufacturing facilities; they also interacted with senior executives. The details of the industrial tours organised are:

- **Visit to Maruti Suzuki India Limited, Manesar Plant:** Maruti Suzuki India Limited, has emerged as a leading automobile manufacturer of India. It is the Indian subsidiary of Japanese automaker Suzuki Motor Corporation. The Manesar manufacturing plant was inaugurated in February 2007 and is spread over 600 acres. Its state of the art plant. The plant manufactures more than 800,000 vehicles annually.
- **Coca Cola Happiness Factory, Greater Noida:** Coca Cola is one of the largest and most famous beverage brands of the world. The students had not only an opportunity to see the manufacturing process of various products being manufactured by coca cola, but they also experienced the history of coca cola as various artefacts of coca cola were displayed in the factory.
- **Parle Factory, Bahadurgrah:** Parle is a leading biscuit and confectionary making company of India, having manufacturing plants across the country. The students of our department visited the Bahadurgrah factory of the company. Initially the senior executives of the company made a presentation followed by a question answer session. Later the students were shown the manufacturing process of the biscuits, right from the raw materials to the final product.
- **Yakult Danone India Limited, Sonapat:** Yakult Danone India Pvt. Ltd. is a Joint Venture between Yakult Honsha in Japan and Groupe Danone in France, both of which are global probiotic leaders. The JV was formed in 2005 and Yakult, a probiotic fermented milk drink was launched in India in 2008. Yakult is manufactured at an ISO 14001:2015, ISO 45001:2018 and HACCP certified factory in Sonapat, Haryana in North India. Students were taken to the factory and saw the products being manufactured in the plant.
- **Mother Dairy Plant, Patparganj, New Delhi:** Mother Dairy India is a leading dairy company in India that is owned by the National Dairy Development Board (NDDB) and was founded in 1974. The company produces a range of dairy products, including milk, curd, butter, ghee, ice cream, and cheese. The Patparganj factory is one of Mother Dairy India's manufacturing facilities located in the Patparganj area of Delhi, India. The factory is known for producing high-quality milk and milk products, and it uses state-of-the-art technology to ensure the quality and safety of its products
- **ConQuerent Control Systems, Gurgaon:** Students also visited ConQuerent Control Systems, Gurgaon established in 1986. The company manufactures LT Control Panels in Udyog Vihar Gurgaon and has also been certified as ISO 9000. The Product range of the company includes MV/LV Customized Switchboard Panels PCC, MCC (Static/Drawout),

AMF, APFC, Load Mgt, PLC / Drive Based Panels Feeder Pillars, Meter Boards, Rising Mains, Bus Ducts, Package/Compact Substations (PSS/CSS) .
