Placement and Counseling

The Departmetn has a well organized placement cell which keeps close liaison with the corporate sector for the summer and final placement of students. Every year a placement brochure is prepared containing brief bio-data of the final semester students, and sent to nearly all reputed business organizations. The aim of the cell is to enable the students to make better, more informed and creative career choices. The cell maintains extensive files of recruitment literature, annual reports and articles, and other published material about firms for the reference of students. Moreover, it invites senior managers and consultants to share their experiences with the students through lectures, question and answer sessions and informal get together. The activities of the placement center are managed by the placement officer.

The Department is proud of its success that its students have been placed in the following prestigious organizations:

DOODH GAYAB **CHUTKI MEIN**

Master of Business Administration

Two year full time Master of Business Administration (MBA) seeks to develop postgraduates who can excel in the area of business and management. The programme also intends to develop research and critical thinking skill among the budding managers. The programme aims at imparting professional education and training in modern management techniques to enable budding managers to manage business operations effectively and meet the challenges of growing organizations in the dynamic business world. Quality education, practical training in leading organizations of India, attractive environment and corporate connections are the main features of the MBA programme. The programme has been made intellectually exciting. The curriculum design and pedagogy emphasize the development of students' skills and abilities to apply management theories and concepts to live problems in business and industry. The students are challenged to move beyond analytical framework to implement, which greatly accelerates their development of sound business judgment.

The programme mixes teamwork with competition, and teaches the skills that enable students to grasp new ideas and seize new opportunities. The programme consists of four semesters each of six months duration. The first two semesters are devoted to a comprehensive core course in the major functional and general management areas. All the courses in the first and second semester are compulsory. In the next two semesters, students are offered to choose specialization areas in various fields of interest. All courses are reviewed and redesigned from time to time keeping in view the rapidly changing economic scenario, needs of the industry and the latest developments in the specific subject areas. The Department is offering dual specializations in its MBA programme, which include:

- Marketing Management
- Human Resource Development
- Finance
- Information Technology
- Production and Operations Management.

Master of Business Administration (IMBA)

The Integrated MBA is an intensive program specifically designed to develop the reflective managers of tomorrow, by helping them acquire critical reasoning skills and develop strategic thinking. The programme is designed to develop students' operational and strategic capabilities and competencies in management from both human resource and techno-centric perspectives. The students learn, through a multidisciplinary approach, to appreciate the scope, range and depth of management processes, models, tools, techniques and their impact on organizational performance. In fact, these programmes help students to acquire an understanding of the various aspects of business. The Integrated Programme aims to:

- Provide intensive theoretical and practical knowledge of management.
- Provide an integrated perspective of management functioning along with a fair amount of exposure to real life cases and technical know how.
- Enable students to become reflective practitioners in the area of management;
- Provide a theoretical underpinning of management tools, techniques and processes in addition to systems thinking and organizational development.
- Develop students' operational and strategic capabilities and competencies in management.
- Develop research and critical thinking skills.

Thus, the Programme combines academic rigor with professionally relevant knowledge, offering a holistic and integrated approach to business issues that help students to think and act strategically in their management practice. The Department is offering double specialization in its Integrated MBA programme. These specializations include: **Marketing Management, Human Resource Management, Finance and Information Technology**
